DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 1, line 17, "first channel input signal" has been changed to —second channel input signal—

Allowable Subject Matter

Claims 1, 2, and 6 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose nor suggest a first channel audio amplification circuit positioned on a first side of a circuit board in a headphone amplifier, a second channel audio amplification circuit positioned on a second side of the circuit board whereby the first channel circuit receives the second channel audio input signal and amplifies it to a predetermined degree of amplification less than the amplification of the first channel input signal and the second channel circuit receives the first channel audio input signal and amplifies it to a predetermined degree of amplification less than the amplification of the second channel input signal, as required by claim 1. Newly cited reference to Narumi et al teach a portable receiver 14 having an amplification circuit. The circuit board is illustrated figures 8 and 9 and has two sides. However, there is no disclosure of the specific circuit functions as claimed by Applicant. The references cited in the

Art Unit: 2644

previous Office Action – Guccione et al.; Ho; Janninck et al; Kim; Liao; Wilmlink – do not disclose the amplification circuitry required by independent claim 1. As a result, claim 1 and its dependents claims 2 and 6 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian T. Pendleton whose telephone number is (571) 272-7527. The examiner can normally be reached on M-F 7-4:30.
